Here In Your Presence – Dennis Jernigan Live from San Antonio

We are excited to tell you about Dennis Jernigan's first live worship recording in 8 years! Recorded with the worship ministry of Community Bible Church in San Antonio, the songs captured on the recording are some of Jernigan's favorite worship and ministry songs the Lord has ever given him. Most of the songs are corporate in nature and 6 are even arranged for SAT choir (Community Bible Church Choir of over 200 joins me for these)! All charts are available at PraiseCharts.com.

The entire CD is available at www.dennisjernigan.com or on iTunes as well. A DVD complete with lyrics added for use in small group and private worship (or as pre-service ministry) is also available. The ministry song *Come Home* is worth the price of the CD in our humble opinion (we are already receiving reports of how God is using this song to set the captive free and bring salvation to lost souls!).
